### RIDER

**Diane J Cornwell**

**Never admit to seeing ichur, the silvery residue of magic spells. Not if you want to stay under the radar of the Councillors of Convane.**

Swift, a purebred tracker horse who can smell the smallest trace of ichur, can also remove the magic energy from any human or talisman.

Dallas, rider of Swift, knows how to create a spell without leaving residue, even if he is not a trained mage.

Neither Dallas or Swift admit to seeing and using the magic energy. If they did, Dallas would have his ability to see ichur removed, and Swift would be given to an approved mage by order of the council.

A new fantasy series including mages, dragons, tracker horses and more.
